

Oswego Fire Protection District

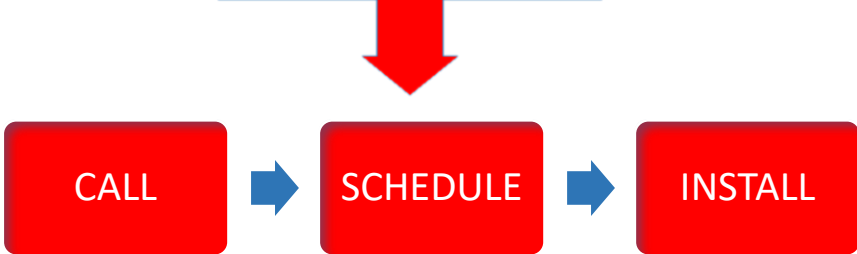

Smoke Detector Install Program

Every home should have working smoke detectors

- Free smoke detectors for your home
- Maintenance free 10 year battery
- Installed for you at no cost
- Home fire prevention and safety tips

3 EASY STEPS

THE THREAT OF HOME FIRES.....

- On average 2,500 deaths occur each year from house fires
- 7 times a day someone dies in a home fire
- Every 40 minutes someone is injured from a fire
- Nearly \$7 billion in property damage every year

It is the vision of the Oswego Fire Protection District that every home and every citizen be protected by at least one smoke alarm

Oswego Fire would like to thank The Home Depot and the Red Cross for partnering with us to keep OUR community safe

Smoke Detectors
